Selong Selo Reopens

Published on 30 March 2022

By: Ocean Magazine

Selong Selo Resort & Residences have reopened in Lombok, Indonesia.

Elite Havens, Asia's largest luxury villa company is pleased to announce the reopening of Selong Selo Resort & Residences on the scenic coast of South Lombok in Indonesia.

To celebrate, the all-villa property is offering two reopening specials: 30 percent off one-night stays to kickstart domestic travel and fuel those spontaneous island escapes, and 50 percent off stays of five nights or more, perfect for extended families looking to reconnect, destination wedding parties and wellness-minded remote workers.

As more people are rediscovering the pleasures of jumping on a plane to celebrate a family milestone, take the holiday of a lifetime or reconnect with their inner selves, Lombok offers the ideal combination of nature, luxe and purposeful travel.

Located to the east of Bali, the island is filled with natural beauty, from white sand beaches, volcanic treks and lush jungles to breathtaking waterfalls. For remote workers, waking up to Lombok's stunning coastal views is all that's needed for fresh ideas to start arriving like waves, while guests seeking wellbeing and tranquility will find it amid local rhythms of slow living.

The Selong Selo experience

The resort's excursions include hiking to waterfalls Benang Stokel and Benang Kelambu, which boast 20-metre-high drops where the adventurous can plunge into pools below, to snorkelling in the abundant marine life the southern coast of Lombok is known for.

Small groups can even choose to remain in their own bubble throughout the stay thanks to luxury yacht charters, private barbecues right on their villa's beach and private cooking classes either in-villa or at Aura Lounge & Bar, the estate's signature restaurant featuring a menu inspired by Will Meyrick, an internationally recognised chef and acclaimed restaurateur whose restaurant empire spans from Bali to Hong Kong.

Aura Lounge & Bar enjoys a prime location on the edge of a cliff with sweeping views of the sea. The semi-alfresco pavilion is perfect for gazing at the sky during sunset or enjoying evening cocktails with family and friends.

Perched atop the picturesque hills overlooking stunning Selong Belanak Beach in Southern Lombok, Selong Selo Resort and Residences offers more than 50 luxury villas, a full-service spa, clubhouse, a kids' club, and beach club access. The stylish villas range from one to seven bedrooms with access to the renowned Aura Lounge & Bar, as well as personalised in-villa dining experiences, a quick shuttle to the beach, and a fully equipped gym.
