## Elite Havens' new Phuket villa

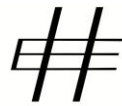

Surin Seaview Villa in Phuket

Luxury villa rental and management provider Elite Havens continues to grow its portfolio of more than 250 villas with the addition of Surin Seaview Villa, now available to rent in Phuket, Thailand.

The three-storey hillside retreat sits on the hills of Phuket's west coast and offers views of the Andaman Sea. It has three bedrooms, an open-plan living area, and a terrace with a plunge pool overlooking Surin beach.

With its newly renovated design, the villa is ideal for couples, small families or up to six adults. Terrace glass doors open to a pool deck with a covered pavilion for outdoor dining on tropical nights.

ELITE HAVENS

As with all Elite Havens villas, clients can have personalised service with a private chef and dedicated villa manager and staff. They can also step outside the villa to explore Phuket's dining, entertainment and spa experiences.

Located on a private estate, staying at Surin Seaview Villa also allows larger groups or extended families to stay together within the estate with two additional luxury villas, Villa Borimas and Villa Sammasan, adjacent, thus still allowing privacy but also the option to be close by each other.

Elite Havens has luxury villas and chalets in Indonesia, Thailand, India and Japan and beyond.
