Holiday Hotspots in Indo

Villa & Village

Situated metres from the beach, Seseh Beach Villa is a contemporary-styled, five-bedroom holiday home overlooking the Indian Ocean, 14 kilometres from Seminyak. The property has been perfectly designed for indoor and outdoor living, with a 16.5-by-5-metre swimming pool, a rooftop sunset terrace, and both air-conditioned and semi-alfresco living and dining areas. Here, as well as being lulled by the sounds of the ocean and bathing under the stars, guests can enjoy sophisticated facilities, caring staff, delicious meals prepared by the in-house chef and the service of a car and driver. A traditional village setting offers the opportunity to witness daily rural life.
